

**“I danced
at my grand-
daughter’s
wedding!”**

Millie Phelps, Cheshire, MA

“I’ve had both of my knees replaced in the last two years – and I’m glad I chose North Adams Regional Hospital. They have a new class for all of their joint replacement patients. The people I met are so, so good at what they do. There was nothing we asked about that they couldn’t answer directly and well. They made me feel so comfortable before my surgery – I knew they were going to be with me all the way. The surgery went very well and my family was able to join me soon afterwards. I have finished therapy at the hospital with their wonderful physical therapists – and I danced at my granddaughter’s wedding!”

The Joint Replacement Center of Northern Berkshire can help you, too.
Faster recovery. Less pain. You’re back in action.
Call 413.664.5646 (413.664.JOINT) to get going.
