

**“With state of the art facilities, I can help my patients do what they love most.”**

**– JONATHAN CLUETT, MD,  
ORTHOPEDIC SURGEON**

“After graduating from Williams College, I trained to be an orthopedic surgeon. That took me to New York City, Washington, DC, and Los Angeles. When it came time to choose a place to practice medicine, I chose North Adams Regional Hospital and Orthopedic Associates of Northern Berkshire. I have lots of opportunities to help people get back to doing what they want to do – whether that’s professional sports, high school soccer, recreational golf, or painting.”

“As an orthopedic surgeon, my goal is to help people maintain their active lifestyle. With the new surgical facilities at North Adams Regional Hospital, I have everything I need to help my patients.”
